HOME EXIT PLAN

CANYON FIRE DEPARTMENT
P.O. BOX 98
CANYON, TX 79015
806-655-5010

If a fire were to happen, you and your family need to know how to get out safely from any room in your house. Below you can use the grid to draw a lay out of you home with you children and label each room. Once the lay out is drawn draw arrows from each room to at least 2 different exits (door/windows). Last but not least make a meeting place for you and your family to meet.

Now that you have an escape plan remember to practice several times a year. Make it fun family time for you and the kids.
